

SECOND ANNUAL CONFERENCE ON CARBON SEQUESTRATION

DEVELOPING & VALIDATING THE TECHNOLOGY BASE TO REDUCE CARBON INTENSITY

Tuesday, May 6, 2003

7:00 **CONTINENTAL BREAKFAST**

*Co-Hosts: ChevronTexaco and
ExchangeMonitor Publications & Forums*

8:00 **OPENING KEYNOTE PLENARY**

WELCOME REMARKS

MODERATOR: Carl Michael Smith
Asst. Secretary Fossil Energy
U.S. Department of Energy

8:05 **The President's Carbon Intensity Reduction Initiative**

Dr. John H. Marburger
Presidential Science Advisor
Dir., OSTP, Exec. Office of the President

OPEN DISCUSSION

8:30 **A Dept. of Energy-Led International Initiative to Develop and Deploy Innovative Technologies to Reduce Carbon Intensity from Power Generating Sources—*FutureGen***

Robert G. Card, Under Secretary
U.S. Department of Energy

OPEN DISCUSSION

9:00 **The Future Potential of Carbon Sequestration**

Gen. Richard L. Lawson, Ret. USAF
Chairman, Energy, Environmental
and Security Group

OPEN DISCUSSION

SECOND ANNUAL CONFERENCE ON CARBON SEQUESTRATION

DEVELOPING & VALIDATING THE TECHNOLOGY BASE TO REDUCE CARBON INTENSITY

Tuesday, May 6, 2003 (Continued)

9:30 **COFFEE BREAK**

Host: EM Publications & Forums

9:50 **The Private Sector Investment to Develop “Marketable” Carbon Sequestration and Capture Systems and Technologies**

MODERATOR: **Rita A. Bajura**, Director, Nat’l Energy Technology Lab., U.S. DOE

Coping with Carbon—BP’s Technology Investment for a Carbon Constrained Future

Pete Smith

Vice President for Technology, BP

Leading Commercial Gasification and Power Generation into the New World of Geologic Sequestration of CO₂

James Houck, President
Worldwide Power & Gasification
ChevronTexaco

OPEN DISCUSSION

10:20 **Public Interest Groups’ Perspective on Carbon Sequestration**

Carbon Sequestration—An Important Part of a Balanced Portfolio of Carbon Stabilization Strategies

David Hawkins, Director
Air and Energy Programs
Natural Resources Defense Council

Carbon Sequestration—A Sierra Club View

Paul Craig, Chair
Sierra Club National Committee on Global Warming and Energy

Tropical Forests and Climate Change: New Science, New Policy, Same Problems

John O. Niles, Project. Mgr.
Climate and Biodiversity Alliance
Conservation International

OPEN DISCUSSION

12:00 **LUNCH**

Host: EM Publications & Forums
