

Virginia Clean Cities

Recent Accomplishments & Future Goals

Al Christopher
Chelsea Jenkins

Northeast / Mid-Atlantic Region
Clean Cities Coordinator Peer Exchange
Pittsburgh, PA
June 27-29, 2007

Coalition Status and Sustainability

- Current Status
 - 2 Full Time Coordinators
- Membership Structure / Strategies
 - We wait for members to come to us
- Steps to Become Self-Sustaining
 - Use grants to get grants, behave like energy consultant

Significant/Noteworthy Vehicle Projects

- Arlington CNG
- National Airport CNG
- Charlottesville CNG
- Hydrogen forklift demo (pending)

Significant/Noteworthy Fueling Infrastructure Projects

- CNG
 - National, Charlottesville
- E85
- Biodiesel
 - Biodiesel retail & “marquee” fleet project

Significant/Noteworthy Coalition Outreach Activities

- Biodiesel workshops (SSEB)
- National location for AFV Day Odyssey (thanks, Dave!)
- Fuel Quality Workshops (and biodiesel troubleshooting)
 - biodiesel distributors, fleets, and users
- Dragon Run biodiesel stakeholder education
- Conferences, meetings, events
 - Earth days (and days); organize alt fuel tracks for conf.
- E85 pump dedication
- Resource development
- Hydrogen education -- General Assembly & media

Significant/Noteworthy Expanded Portfolio Activities

- Dragon Run Biodiesel
- James City County Petroleum Reduction
- Executive Order 48
 - “All agencies and institutions shall maximize biodiesel and ethanol use in state fleet vehicles except where use of biodiesel will void warranties or incur unreasonable additional costs to the agencies.”

Lessons Learned

- Reporting efficiency
- Better continued communication with school bus fleets who express interest in biodiesel use
- Advocating at policy level
 - Upfront time spent on getting resolution passed worth the AF & AFV return
- What is the golden question to separate the wheat from the chaff

Goals for 2007 & Beyond

- Become more goal oriented
 - find funding allow for management of projects want to
- Find synergies with national organizations
- Advocating at the policy maker level
 - Recommendations to improve producer incentive fund
- Improve website tools / “off the shelf” resources
- Improve CNG & propane program
- Increase passage of resolutions model after JCC
- Biodiesel fuel quality program
 - Increase information sharing
