June 23-25, 2009

Coalition Status and Sustainability

- Current Status
 - MA CCC coordinator, Dave Rand, has retired (full-time) after 13 years. The coordinator position is now vacant - normally held by a full-time MA Department of Energy Resources (MA DOER) employee.
- Membership Structure/Strategies
 - No strategies per se, no dues, some partnerships.
- Steps to Become Self-Sustaining
 - Dues structure, of some type, with events and outreach.

Significant/Noteworthy Projects & Activities

- Charles River TMA (Cambridge, MA)
 - Seven (7) new CNG El Dorado low-floor buses with Cummins-Westport CNG engines
- Courtyard by Marriott at Logan Int'l Airport
 - Two (2) new CNG Ford E-450 shuttle buses
- Comfort Inn Suites at Logan Int'l Airport
 - One (1) new CNG Ford E-450 shuttle bus

Significant/Noteworthy Projects & Activities

Lessons Learned

- Beyond our bi-monthly meetings – we have had no outreach activities and no means of funding (except from US DOE). MA CCC initially joined in a five (5) state regional proposal for ARRA funding. Once the MA CCC exceeded the minimum funding threshold – decided to submit a single-state proposal.
- A possible venue for MA CCC outreach is AltWheels (www.altwheels.org).

Goals for 2009 & Beyond

- Since we have an opportunity at MA CCC to start with a clean slate – what are some ideas that you might have to reinvigorate MA CCC?
- Please send any ideas to me at mm@avsglp.com or (617) 242-8755, x14.

Thanks!
