# Where Our Recent Successes Lie

## ARRA Program

- The coalition has expanded its active membership over the past year, mainly due to the USDOE ARRA Clean Cities program.
- The ARRA program added 57 AFV's and four fueling stations to the CDCC's AFV/Station inventory:
  - Ballston Spa CSD—6 propane school buses, 1 fueling station
  - Charlotte Valley CSD—4 propane school buses
  - East Greenbush CSD—1 PHEV Bus
  - Gilboa-Conesville CSD—3 propane school buses, 1 fueling station
  - Hoosic Valley CSD—6 propane school buses, 1 fueling station
  - National Grid—6 CNG utility trucks, 1 public CNG station
  - Coca Cola—2 HEV tractor trailers
  - Verizon—12 MD CNG vans
  - City of Albany—10 HEV Escapes, 1 HD HEV, 1 HD Hydraulic HEV
  - NYSDEC—2 HEV buses
  - NYS Homeland Security—Firefighter Training Trailer
  - UAlbany—5 HEV Buses

# Where Our Recent Successes Lie

## ARRA Program

### ➤ **ARRA Grant Stimulated Additional Purchases**

- **Ballston SPA CSD –1 school bus**
- **Gilboa-Conesville CSD—1 school bus**
- **Hoosic Valley CSD—4 school buses**
- **National Grid—1 Civic CNG**

### ➤ **And Stimulated Interest from Others**

- **RPI—Purchased 2 Propane buses and plans to purchase more; looking into EVSE as a result of joining the coalition**
- **Mohonasen CSD is now interested in Propane Technology**

### ➤ **Bottom Line—seed funding encourages adoption of AFV's and installation of Fueling Infrastructure**

# Where our Recent Successes Lie— Transportation Demand Management

## Vanpool Program

- Vanpool program started in August 2009
- Vanpools were initially subsidized, using a NYSERDA/NYS DOT grant, at \$500 per month
- Eighteen vanpools are currently on the road, collectively eliminating 2575 miles of travel per day or approximately 80 gallons of fuel per day
- Since its inception, the program has eliminated over 1.5 million miles of travel, 77,000 gallons of fuel and 755 tons of CO<sub>2</sub>

# Where our Recent Successes Lie— Transportation Demand Management

- On-line GIS based program that allows area residents to advertise for **free** for a carpool
- Linked to the new CapitalMoves TDM website (funded by NYSERDA)
- Module to track usage and VMT/Fuel/Emissions Reductions
- Free Guaranteed Ride Home Program
- Since iPool2 was launched, 1400 (September 1st 2008 through end of October 2011) have registered.
- At an average one-way commute distance of nearly 25 miles per registrant, it is estimated that this program has reduced:
  - VMT by 1,136,000 miles
  - Fuel consumption by over 45,000 gallons.
  - Carbon Dioxide Emissions by 485 **tons**.

**"Be Green and Save Some Green by Vanpooling or Carpooling"**

# Welcome to iPool2

## The First Stop for Commuter Information

For people who live or work in the Capital District

### It's Better When You Ride Together

You'll save money, stress and help clear the air when you carpool or ride the bus-even a couple of times a week. We make it easy with iPool2, which is your online source for a free ride-matching service.

#### Why Use iPool2 ?

**Free:** There's no charge to use iPool2 - plus you'll save money when you carpool or ride the bus instead of driving alone.

**Fast:** iPool2 displays potential carpool matches instantly.

**Private:** iPool2 lists only the e-mail or phone number you provide-no other information is revealed online.

**Convenient:** Use iPool2's park-and-ride lot finder to locate a free meeting place for your carpool.

**Accurate:** iPool2 provides information on bus schedules and fares, as well as and information on park-and-ride lots.

**Environmentally-friendly:** Fewer cars on the road means less congestion and cleaner air for everyone. It's an easy way to be GREEN!

**Always a Guaranteed Ride Home:** The Guaranteed Ride Home (GRH) Program takes the worry out of carpooling or taking the bus because it guarantees a free ride home in the event of an emergency such as your illness, a family member's illness or unexpected overtime.
