

# SSL Demonstration Proposal Application

## Intent to Participate Form for Utilities/Energy Efficiency Organizations

### Instructions:

Please answer all questions listed below. Save a copy for your records. Send completed application to: [techdemos@pnl.gov](mailto:techdemos@pnl.gov)

Completed form should not exceed three (3) pages (and might be considerably less). Do not send any confidential information. You will be contacted within two weeks of submitting this form, at which time you will be informed of your eligibility for participating in DOE SSL demonstrations, or be requested to provide additional information.

### Organization Name:

### Contact Name and Contact Details:

(first and last name, company name, address and phone number):

### Questions:

1. Does your organization currently sponsor an incentive or promotion program related to energy efficient lighting? If so, please describe briefly. If not, please describe your reasons for being interested in participating in the solid state lighting demonstrations.
2. Briefly describe the lighting application(s) of interest.
3. Do you already have a particular product in mind? If so please provide details such as manufacturer and model number, etc. Have you contacted or been contacted by the manufacturer regarding this product?
4. Do you already have a potential host site in mind? If so, please provide a brief description of the site, including any information you have on the current technology employed in the application.
5. Briefly describe your definition of “success” in this demonstration (for example: maximizing energy saving, improving current lighting knowledge, or determination of operational/maintenance requirements for customers).
6. Please describe your plans for incorporating the LED technology into promotions or other incentives if the demonstration is a success (if applicable).
7. What is your timeframe for proceeding?
8. Please note any specific requirements or conditions of your organization pertaining to participation in either teaming agreements or technology demonstrations.
