

Non-CO₂ GHG Mitigation Project Congressional Districts List

Project Title	Primary Contractor	Congressional District
Capture and Use of Coal Mine Ventilation Air Methane	CONSOL Inc.	PA18
Intelligent Bioreactor Management Information System (IBM-IS) for Mitigation of Greenhouse Gas Emissions	University of Delaware	DE01
Strategies to Optimize Microbially-Mediated Mitigation of Greenhouse Gas Emissions from Landfill Cover Soils	University of Michigan	MI15
Bio-Tarp: Reducing Landfill Methane Emissions With Bioactive Alternative Daily Cover	University of North Carolina	NC09
Development of Nanofiller-Modulated Polymeric Oxygen Enrichment Membranes for Reduction of Nitrogen Oxides in Coal Combustion	North Carolina A&T State University	NC12
