

## Modification 1 – July 10, 2015

### Department of Energy Grid Modernization Laboratory Call

The DOE Grid Modernization Laboratory Call has been modified to include two additional topics under Category 1, Topic 1.4: Foundational Technical Areas, Institutional Support. The following technical topics and corresponding MYPP tasks were added to the text on page 11. In addition, several typographical errors were corrected in the text of the funding tables on pages 4 and 5.

28. Mitigate Market Barriers (7.3.4)

29. Future Electricity Utility Regulation (7.4.1, 7.4.2, 7.4.3)
