ABSTRACT

[Please provide an Abstract of 250 words or less here. Summarize the important results of the work performed and provide a brief description of the methods used to achieve these results. If this poster is associated with SubTER, an EFRC, an RCSP, or other large-scale storage project, please identify the project in the abstract.]

Please submit this form electronically, via email, to joann.didomenico@contr.netl.doe.gov by **June 30, 2015**.

Poster Presenters will be notified of acceptance or non-acceptance in early July, 2015.

Presenters are hereby notified that foreign nationals may be in attendance at this meeting and that compliance with U.S. export control laws and other restrictions with regard to materials and information to be released are the responsibility of the presenter.

Presenters should also be aware that if their poster is accepted for presentation, they will be required to grant to the Government, and others acting on its behalf, a paid-up, non-exclusive, irrevocable worldwide copyright license in the subject poster and abstract to reproduce and distribute copies to the public by or on behalf of the Government.
