

File K - List of Contacts for States, Tribes, or Territories within the AoR

Note: This document contains a List of Contacts for States, Tribes, or Territories within the AoR for the Kansas Small Scale Test Wellington Field. The contents were extracted from the original KGS permit document that was prepared prior to the new EPA submission format introduced to KGS on June 3rd 2014. This explains why the information in this List of Contacts for States, Tribes, or Territories within the AoR may contain references to figures, tables, and sub-sections in other permit sections that may not be included in this List of Contacts for States, Tribes, or Territories within the AoR document. Therefore, to facilitate the review process, the entire original permit application has been submitted as a separate document titled “L - Other Information Required by the UIC Program Director”, which also contains an Executive Summary, cover letter, application forms, complete table of contents, list of tables and figures, appendices, and a cross reference table which lists sub-sections that address all Class VI 40 CFR sections 146.82 – 146.93 requirements.

The List of Contacts for States, Tribes, or Territories within the AoR is documented in the following section:
