PMC-ND (1.08.09.13)

U.S. DEPARTMENT OF ENERGY OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY NEPA DETERMINATION

STATE: MD

RECIPIENT: University of Maryland

PROJECT TITLE:

3D Printed, Low Tortuosity Garnet Framework For Beyond 500 Wh/kg Batteries

Funding Opportunity Announcement Number

Procurement Instrument Number NEPA Control Number CID Number DE-EE0008201

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

B3.6 Small-scale research and development, and pilot projects

Siting, construction, modification, operation, and decommissioning of facilities for smallscale research and development projects; conventional laboratory operations (such as preparation of chemical standards and sample analysis); and small-scale pilot projects (generally less than 2 years) laboratory operations, frequently conducted to verify a concept before demonstration actions, provided that construction or modification would be within or contiguous to a previously disturbed or developed area (where active utilities and currently used roads are readily accessible). Not included in this category are demonstration actions, meaning actions that are undertaken at a scale to show whether a technology would be viable on a larger scale and suitable for commercial deployment.

Rationale for determination:

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

If the Recipient intends to make changes to the scope or objective of this project, the Recipient is required to contact the Project Officer, identified in Block 15 of the Assistance Agreement before proceeding. The Recipient must receive notification of approval from the DOE Contracting Officer prior to commencing with work beyond that currently approved. If the Recipient moves forward with activities that are not authorized for Federal funding by the DOE Contracting Officer in advance of a final NEPA decision, the Recipient is doing so at risk of not receiving Federal funding and such costs may not be recognized as allowable cost share.

Note	to	Speciali	st	:
------	----	----------	----	---

None Given.

SIGNATURE OF THIS MEMORAL DOM CONSTITUTES IN RECORD OF THIS DECISION.							
NE	PA Compliance Officer Signature:	Electronically Signed By: Jesse Garcia	Date:	8/1/2017			
		NEPA Compliance Officer					
FIE	ELD OFFICE MANAGER DETER	RMINATION					
	Field Office Manager review required						
NCO REQUESTS THE FIELD OFFICE MANAGER REVIEW FOR THE FOLLOWING REASON:							
	Proposed action fits within a categ Manager's attention.	osed action fits within a categorical exclusion but involves a high profile or controversial issue that warrants Field Office ager's attention.					
	Proposed action falls within an EA	or EIS category and therefore requires Field Office Manager	's review and de	etermination.			
BASED ON MY REVIEW I CONCUR WITH THE DETERMINATION OF THE NCO:							
Field Office Manager's Signature: Date:
