

Potentially Duplicative Funding Notice

Project Title: Wildfire Mitigation and Extreme Weather Resilience for Xcel Energy

1 Participating Organization or Key Personnel

Xcel Energy Services Inc., Prime Applicant

Public Service Company of Colorado, subrecipient

Southwestern Public Service Company, subrecipient

Northern States Power Company – Minnesota, subrecipient

Norther States Power Company – Wisconsin, subrecipient

WeaveGrid, contractor

World Resources Institute, contractor

2 Description of Potential Overlap of Federal Funding

Xcel Energy and its subsidiaries – included in this application as subrecipients – do not have any potential overlap of federal funding at this time. WeaveGrid and World Resources Institute (WRI) do not have funding overlap for specific cost items on this project.

3 Ensuring Project Funds Are Not Used for Identical Cost Items

Xcel Energy Services, Inc. (Xcel Energy, Inc.) will conduct an audit of federal funding for the project participants at the time of award negotiation and provide it to DOE. In the event there is potential for funding overlap, a resolution plan of any duplicative funding will be submitted to DOE for approval.
